Press Release:

Greater Bengaluru Authority

“e-Aasthi 2.0”, Simplified and GBA's new e-Khata System to be Implemented from September 21st: Maheshwar Rao

Bengaluru, Sept. 17:

The Greater Bengaluru Authority is introducing the new and simplified “e-Aasthi 2.0” e-Khata system, designed to provide citizens with a simpler, faster, more transparent, and user-friendly experience. The new system will be made available for public use from September 21, 2026, and will be formally launched by the Hon'ble Greater Bengaluru Development Minister, Krishna Byre Gowda, Chief Commissioner Maheshwar Rao informed.

New Website:

<https://GBAeAasthi.Karnataka.gov.in>

e-Aasthi 2.0 is the advanced version of the award-winning system through which more than 25 lakh e-Khatas have already been issued online. The new system has been designed to make it easier for citizens to access various e-Khata-related services.

The new system simplifies the process of applying for various e-Khata services, including Complete e-Khata. A greater number of services have been automated, while citizens will also be able to check the status of their applications online.

Key Features of e-Aasthi 2.0:

Simple and modern design: A simple and user-friendly interface for easy access by citizens.

Services on a single platform: Access to major e-Khata and property-related services through a single platform.

Direct integration with KAVERI: Direct integration with the KAVERI system to streamline the Khata mutation process.

Real-time application status: Citizens can check the current status of their applications online at any time.

Services available from September 21st:

Conversion of Draft e-Khata into Final e-Khata.

Issuance of Final e-Khata along with mutation.

KAVERI–Mutation integration.

Real-time online tracking of application status.

Conversion of B-Khata to A-Khata.

Services to be made available in the coming days:

New Khata registration.

Bulk Khata processing for apartments and multi-storey buildings.

Provision for corrections in Complete/Final e-Khatas.

Site bifurcation and amalgamation services.

The new e-Aasthi 2.0 system is a significant step towards making e-Khata services simpler, more transparent and citizen-friendly. It is part of the GBA's efforts to provide faster and more efficient services to citizens through digital platforms.

Shri Maheshwar Rao appealed to citizens to extend their cooperation and support during the transition to the new and citizen-friendly e-Khata 2.0 system.
